

## COMMANDER GIRARD GIVES TAMMANY COMBINE BAD SCARE.

Commander of the "Big Five" Says Organization Is Illegal  
But Engineer of the Steam Roller Dodged.

### FILED NO EXPENSE ACCOUNT

Girard Says Five of Them Had Not  
Done So When They Were Sworn  
In—Also Falls on Police and Fire-  
men—Committee Announced.

The second meeting of the Greater Connellsville Town Council gave the Tammany Combine an awful scare. Councilman Girard, the Commander of the Big Five, appeared with something up his sleeve, but it was somehow dis- covered before he could draw it, and the Indians fled when it was produced. It looked like a genuine bomb and its explosion may yet cause considerable damage to the Steam Roller. It is alleged that some of the members of the Combine have not filed their election accounts as required by law. They will probably lose no time in attending to this matter, but the question is raised whether they will not be too late if any citizen or body of citizens insist upon controlling the matter of these accounts as Councilmen before the filing of such account.

Barring this incident, which was so brief that many people in the chamber didn't even notice what was going on, the meeting passed off smoothly. There were evidences that the machine was well oiled. Typewritten motions and tickets were very much in evidence, and the typewriting seemed to have been all done in the same office.

The committees, over which President Stillwagon labored with great diligence for two long weeks in an earnest endeavor to be as fair as he could to his old enemies in the Big Five, were announced. The President took it upon himself to enlarge the list of committees somewhat, but no objection was made as the action looks the part of wisdom. The Light and Water Committee was split into two separate committees, and a new Fire Committee known as the Railroad Committee was preserved. The committee appointments were as follows:

Finance—Chairman, W. H. Thomas; B. P. Wallace, M. Storer, J. B. Miller and P. M. Buttermore.

Streets—Chairman, Edgar Cypher; William McCormick, John Duggan, Matthew Crowley and P. M. Buttermore.

Police—Chairman, B. P. Wallace; William McCormick, Edgar Cypher, Solomon Lepley and C. M. Storer.

Public Grounds and Buildings—Chairman, P. M. Buttermore; Edgar Cypher, T. H. Thomas, W. H. Thomas and J. B. Miller.

Public Safety—Chairman, William McCormick; B. P. Wallace, Edgar Cypher, W. H. Thomas and J. B. Miller.

Fire—Chairman, J. T. Hessel; John Duggan, Matthew Crowley, W. H. Thomas, Frank Fritz, D. F. Girard and J. B. Koser.

Railroad—Chairman, Solomon Lepley; John Duggan, William McCormick, C. M. Storer, B. P. Wallace, J. B. Miller and D. F. Girard.

Of the 10 committees, eight have West Side Councilmen as Chairman. D. P. Wallace and William McCormick are the only East Side Councilmen honored. Councilman McCormick and Storer headed on five committees.

Thomas, Wallace, Buttermore, Cypher, Duggan, Lepley and Hessel on four each; Miller and Girard on three and Fritz, Hessel and Koser on two each. All of the West Side Councilmen were given a Chairmanship; five of them as wards for lining up with the organization, and W. H. Thomas doubtless because he is the best equipped man in the body to handle the financial questions. The important committees, these carrying patronage, went to the ones close to the powers that be. Wallace will have charge of the police, McCormick the firemen, Cypher the streets and John Duggan will attempt to lead Council towards municipal ownership of the water works. All had peculiar and some personal interests in these chairmanships.

Council met shortly before 8 o'clock with all members present. It took Clerk Solomon about 20 minutes to read the minutes of the "steam roller" session two weeks ago. Councilman Girard then arose and said:

"Mr. President, there is a question whether this Council is legally organized. Five members had not filed their expense accounts when they were sworn in and there are three members who have never filed any at all."

"Any corrections in the minutes?" asked President Stillwagon, without recognizing Girard. "If not, they stand approved as read."

The insurance subsidy was quickly as a can. Dr. J. C. McCannath arises to ask for an increased appro-

portion for the library, arguing that increased demands will be made on the institution as the result of Consolidation. He also told of the good work being done educating the young people of the community. He presented the annual report of Mrs. M. B. Dalgle, the librarian, which appears elsewhere. Councilman Duggan arose and said there would be not so much objection to supporting the library if it were not a close corporation. Captain Ed. Dunn, one of the Library Trustees, said there was no close corporation about it; that Mr. Carnegie, who invested \$25,000 in the building, was represented by six trustees, while the Council and School Board had a similar representation. Captain Dunn expressed regret that the members of Council who were selected on the Board displayed but little interest in the work. He asked that they attend the meetings.

John E. Jones appeared to ask the use of the Volunteer Firemen's room in the public building one evening a month for the meeting of the Union Veterans' Legion and it was referred to the proper committee.

Chairman W. H. Thomas of the Finance Committee reported the tax millage as proposed by that body and it was adopted unanimously. The millage this year in Connellsville proper will be 1/2 mill lower than last. The general fund of the combined boroughs will receive 8 mills and the Library 1/2 mill. The request of the Library Committee was ignored. For the old Borough of Connellsville, 2 mills were to be levied on the sewer fund, 1 mill to the sinking fund and 1/2 mill towards paying off the 1908 refunding bonds. In the old Borough of New Haven, 2 mills is given on the sinking fund. The clerk was directed to prepare the duplicate in accordance with this resolution.

P. M. Buttermore presented a petition to change the name of Ferry street and Ashman avenue to Main street. It was referred to the Street Committee for a report the next meeting. At that time the renaming of several streets will be taken up.

## CHARLES HOUGH NOW ON TRIAL.

He Faces Serious Charges  
as a Result of the Jail  
Investigation.

### BERTHA PRICE FOR PROSECUTION

Hough is Charged With Adultery and  
Furnishing Liquor to Minors—Jail  
Witnesses Appear to Give Evidence  
Against Him Today.

UNIONTOWN, March 17.—With Charles Hough on trial for his alleged connection with the recent jail trouble, the prosecution of these cases was continued this morning. Bertha Price, being the principal witness against him, all morning. The charges are adultery and furnishing liquor to minors. On the first case testimony was given chiefly by Bertha Price who told practically the same story as regards his misconduct, when brought to her room, that has been heard so often before. She testified that the relations had continued from time to time of her admission to the jail, May 12, until in August when she found out that he was married and then told him to go back to his wife. Hough was arrested on the present charges when the testimony along this line came out in the course of the investigation on the second day of the affair. He was arrested in the court room at the time, and immediately gave bail for his appearance for this court.

Among the other witnesses who appeared against him are Emma and Hattie Gordon, Georgia Fee, Lizzie Earlhart, William and Lizzie Martin and Bertha Ellis, all of whom have been named in the previous proceedings. District Attorney D. W. Henderson is prosecuting the case, while the defendant has the same counsel, W. C. McKenna, that has defended the other defendants in the jail cases this week. The matter is in Judge Van Swearingen's court where there was a larger crowd to hear the testimony than had appeared at the other trials.

The first murder case of the present term will likely be called tomorrow morning. This is the one in which Frank Cole is charged with killing John W. Saunders at Mr. Bradlock's, on the night of February 13, when Saunders, returning home caught Cole with Mrs. Saunders. Cole was a brick worker in the neighborhood and it is said had been a friend of the family, until Saunders and he came to blows some time ago. There is also a charge of assault and battery against him for his alleged attack on Mrs. Saunders when he struck her with a poker, the same one said to have killed her husband.

Charges of extortion entered against John C. Ward, the Sunday law informer, seem to have been lost sight of as they have been settled by somebody paying the costs. The costs amounted to \$34.98, but neither the prosecutors nor the defendant paid them. The prosecutors are Joe Ellis, James Rose and Anna Grigal.

Robert Cavender, colored, was convicted of desertion and non support this morning, his wife Susie alleging that he also mistreated her. She has a daughter. He claimed he had given her \$20 at one time, while she said the contribution was \$2.

## NEW TARIFF BILL SENT TO CONGRESS

Steel Products Face 60 Per  
Cent. Cut Bill Goes  
Through.

### HIDES AND COFFEE ARE FREE

Shoes are Cut 40 Per Cent. While Coal  
and Agricultural Implements Are  
Under Reciprocal Agreement—Other  
Changes.

United Press Telegram.  
WASHINGTON, March 17.—The new tariff bill, named after Congressman Serrano E. Payne, was submitted to Congress today by the Ways and Means Committee. It took now until its final passage will be the center of Congressional interest. Big cuts are made in the duties of many articles. The luxuries are taxed higher, but cuts were made where it was believed an increased revenue would result.

One of the striking features of the bill is the inheritance tax proposed by President William Taft. The Ways and Means Committee recommends a tax on direct inheritances of one per cent on amounts between \$10,000 and \$100,000; two per cent between \$100,000 and \$500,000 and three per cent on all inheritances above that. Collateral relatives and strangers receiving inheritances will pay five per cent on amounts over \$500.

The bill authorizes the issue of Treasury certificates to the amount of \$250,000,000 to run for one year. Coffee is left on the free list, and there is no change in the best sugar tax. A tax of 8 cents a pound is levied on tea from the country where it is produced and 9 cents from other countries. The lumber tariff is reduced 50 per cent and the same is true of steel rails and most other steel products.

Coal and agricultural implements are placed on a reciprocal basis. They will be received free from countries admitting similar American goods free. Wool and oil remain unchanged. Iron ore is free. Hides will be admitted free and shoes are reduced 40 per cent.

The rates are increased on window glass of large size and are reduced on those of smaller sizes. Wood pulp from this country having no export duty, certain forest products are admitted free. The printing paper duty is reduced 55 per cent, according to its value.

The bill provides reciprocal free trade for the Philippines on all articles, but nothing is to be imported duty free to 300,000 tons of raw rubber, 300,000 pounds of filler tobacco, and 150,000,000 cigars in any one fiscal year. The excess sugar, tobacco and cigars to pay full tariff rates.

The statement gives various increases. Perfumery from 50 to 60 ad valorem; fancy soap from 15 to 20 cents a pound; cement, from 30 to 35 cents ad valorem; leathers, from 15 to 20 per cent ad valorem; watch movements, more than seven jewels, 70 cents each, eleven to 15 jewels, \$1.35 each; over 17 jewels, unchanged; lithographic prints, from 6 cents a pound to 3 cents; cardboard from 20 to 25 cents a pound.

Women's gloves have been advanced to same as men's gloves, \$4 a dozen, but nothing is to be imported duty free to 300,000 tons of raw rubber, 300,000 pounds of filler tobacco, and 150,000,000 cigars in any one fiscal year. The excess sugar, tobacco and cigars to pay full tariff rates.

## DR. DAVIDSON IS DEAD AT PERRYOPOLIS HOME

Word Received Here That Prominent  
Practitioner Expired Shortly  
Before Noon Today.

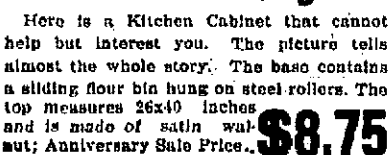

PERRYOPOLIS, March 17.—With the death of Dr. J. H. Davidson at 11:45 this morning, the community loses one of her foremost citizens, and the medical profession one of its most prominent practitioners. He had not been active in practice during the last four years, owing to a break down coming from his continued over exposure in the many years of work.

Deceased was 67 years old, a graduate of Jefferson Medical College, class of 1872, and had been a resident and physician in this town since that time. He was vice president and one of the directors of the First National bank of this town, and held extensive interests in Fayette and West Virginia coal lands. He had been a member of the Methodist Episcopal Church ever since coming to Perryopolis. Dr. Davidson was also a thirty-third degree Mason, and the funeral arrangements will likely be in their care.

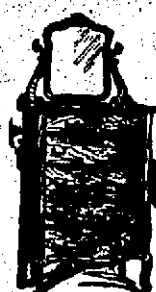

Dr. R. S. McKee was appointed to represent the first district, Dr. H. F. Atkinson the second, Dr. M. B. Shupe the third, Rockwell Marietta the fourth, and Dr. L. P. McCormick the fifth.

## We Want You to Have What You Like

No other concern makes so many kinds of cereal foods as we.

We would just as soon sell you one as another, but we want you to have what you like.

That is why we talk Puffed Wheat and Puffed Rice—the most delicious cereals we know.

These are the foods invented by Professor Anderson—the most popular foods of the day.

These are the cereals which you will like best when you know them.

So we mention them to you—in preference to others—to give you a new delight. For breakfast or luncheon.

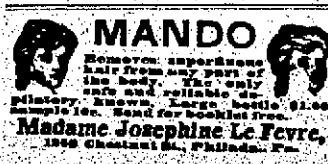

## Foods Shot from Guns

Quick Puffed Wheat 10c Quaker Puffed Rice 13c

They are made by this curious process: The whole wheat or rice kernels are put into bronze metal guns. The guns are sealed, then revolved for an hour in a heat of 550 degrees. The heat turns the moisture in the grain to steam; and the pressure becomes terrific. Then the guns are fired. Instantly every starch granule is blasted into a myriad particles. The kernel of grain is expanded eight times. It becomes porous and crisp. Yet the coat is unbroken; each kernel is shaped as before.

Sold by grocers everywhere.

All Patents controlled by The Quaker Oats Company.

## THE CORRUPT PRACTICES ACT AND ITS RELATION TO COUNCIL.

Councilman Girard raised a question last night which seems to be little understood and less appreciated by some of the members of the Town Council. It is the contention of Councilman Girard that the members of the Town Council are acting with authority of law. It is only an other illustration of the fact that the Legislature passes a lot of laws and keeps the general public in blissful ignorance of them.

Councilman Girard alleges that five of the newly elected members of the Town Council, namely, Councilmen Sullivan, McCorkle, Butterworth, Heston and Crowley had up to last night failed to file their election expense accounts or to certify under oath that their expenses were less than \$50. The Corrupt Practices Act, P. L. 78, says in this connection:

Section 1. The term "election expense" as used in this act shall include all expenditures of money or other valuable things in furtherance of the nomination of a person or persons as candidates for public office, or in furtherance of the election of any person or persons to public office, or in furtherance of the election of any person or persons to public office, or in furtherance of the election of any person or persons to public office.

Section 2. Every candidate for nomination at any primary election, caucus or convention, whether nominated or elected, shall, within thirty days after the same was held, file with the clerk of the town a statement of the amount received or expended, and the name of every contributor, and the name of every person to whom paid, and the object for which same was disbursed.

Section 3. If the aggregate receipts or disbursements of a candidate or political committee in connection with any nomination or election shall exceed \$50, the treasurer of the committee or candidate shall, within thirty days after the election, certify that fact, under oath, to the officer with whom the statement is filed, and the officer shall file the same with the clerk of the town.

Section 4. Every candidate for nomination at any primary election, caucus or convention, whether nominated or elected, shall, within thirty days after the same was held, file with the clerk of the town a statement of the amount received or expended, and the name of every contributor, and the name of every person to whom paid, and the object for which same was disbursed.

Section 5. If the aggregate receipts or disbursements of a candidate or political committee in connection with any nomination or election shall exceed \$50, the treasurer of the committee or candidate shall, within thirty days after the election, certify that fact, under oath, to the officer with whom the statement is filed, and the officer shall file the same with the clerk of the town.

Section 6. ## THE SWIFT START OF THE TOWN COUNCIL.

The Tammanyized Town Council, heedless as it is of public demands and private petitions, has the merit of promptness in its forward march. Its business last night, while exhibiting all the evidences of having been machine-made and previously prepared, ran through the hopper with lightning-like speed. The Council's motto is Celerity, not Cunctation.

The Finance Committee had been appointed but a few brief moments, when its Chairman announced that the committee had held two deliberative and thoughtful sessions and had fixed the tax levy for the ensuing year. Its conclusions were unofficial, but they were quickly confirmed. The plea of the Library Committee was more earnest than effective.

The Chairman of the Ordinance Committee had nothing to report, but the duty was thoughtfully taken on his hands by the Tammany clique, who rang in a fire limit ordinance for New Haven and steam-rollered it to passage without the aid or consent of the committee or its chairman.

While we think the Library should have been given a more liberal appropriation, we feel that the Finance Committee and the Town Council are to be congratulated upon their high resolve to conduct the business of the biggest borough on the most economical basis possible. The tax levy for the ensuing year, so far from being increased for the purpose of caring for the needs of the larger town and for the payment of the outstanding obligations of the old boroughs, has been maintained within the limit of four or five per cent.

The total levy for the new borough of the river is 10 1/2 mills, and for the New Haven side 10 1/2 mills. A levy of 8 mills for general purposes is not an extravagant levy. It was even proposed to cut this down, but it is false economy to reduce the taxes one year and increase them in corresponding ratio the following year to meet an inevitable deficit.

Whether the Town Council starts out legally or not, it starts out in a businesslike manner which augurs well for the first year of consolidation, and we hope for many years to come.

The Pennsylvania veterans will get free trips to Gettysburg and Cold Harbor this summer at the expense of the State. It will be the second trip for them, but as the first was not very pleasant it will be hoped that the one will make up that deficiency in some degree.

The Railroad Committee had nothing to report. It didn't have steam up. Enter, Senator Oliver.

Councilman Blank and Blank made some motions, too.

The Morgantown University students have established their own court of justice, and if it works as well and sure as that of yesterday it ought to be entirely successful.

Green will be more universally worn this St. Patrick's Day than on any other in American history.

Councilman's grafting this extended even unto Ashtabula, O.

The miser who held his union's laws to be above his country's, and was an electric current of naturalization did not differ materially from some of his fellows who are naturalized. The only difference between him and them is that they haven't confessed.

Tammany's scalp is threatened.

The Library Committee got a hearing, but it didn't get subsequent consideration.

The brave attempt of a Pittsburgh newspaper to sell out the whole Green county could find in a single deal seems to be rather premature.

The Steam Roller is a Stillwagon.

The Greater Connelville Council cannot complain of a lack of attendance upon its deliberations.

The attention of the Connelville Incorporationists is called to the fact that the tax levy of Greater Connelville for the ensuing year is 5 1/2 mills. The township taxation is much greater for much less advantages. The same can be said for a new borough at South Connelville.

The telephone does more talking in the Council than anybody else; and it always gets the floor, too.

The Steam Roller is still working.

Government Printing Commission.

Waynesburg Messenger.

About the smallest thing we know of for any department of a big government to engage in is now being done by the United States Postal Department through the letter carriers all over the country, who are soliciting the printing of individual return cards, free of charge, for all who will purchase 500 or more franked envelopes at one time. As an excuse for this little scheme in attempting to thus interfere with the legitimate business of every printing office in the land, the department puts up the argument that the ready stamped envelopes are more convenient than the loose, or adhesive stamps. And also most everything else connected with these enlightened days, this latest little scheme discriminates in favor of the big corporations against the individual, or small business man. The large corporations, the great mail order houses, millionaires, merchants, etc., can have thousands of dollars by this free printing scheme of the government, while the man with only a small business can secure no advantage from it without purchasing a greater amount of franked envelopes than he can afford at one time.

Why don't the government print letter heads, bill heads, sales bills, wedding invitations and "love bills" at the government printing office free of charge, or at a cost of the paper? It might do so with the same degree of consistency as it offers to print, free of charge, business cards on franked envelopes in lots sufficient to exclude the smaller business man.

## JOHN DOYLE IS FREED BY JURY.

Former Turnkey Acquitted  
on Charge of Furnishing  
Liquor to Minors.

JURY WAS OUT TWO HOURS

Elutario Acquitted On Horse Stealing  
Charge—Surety of the Peace Cases  
Heard By Court—Dunbar Township  
Man Ignores Wife in Will.

UNIONTOWN, March 17.—John Doyle, jail turnkey charged with having furnished liquor to prisoners was acquitted yesterday by the jury. The jury was out about two hours, returning the verdict to Judge J. Q. Van Swearingen about 7 o'clock last evening.

The case against Doyle was based upon the furnishing of liquor to Charles Illinois, a negro, and Edward Gartland, the Fayette City prisoner, and to other prisoners not specified. There were five counts in the indictment, but on one of them the court, with the approval of the District Attorney, instructed an acquittal, while on the Gartland charge the court remarked that the evidence was very meagre. The case really went to the jury on three counts, one of which was permitting liquor to be served to a "trustee" prisoner in an up-town bar room. This fact was testified to by ex-Turnkey John Hebb, who said he was present at the time.

Doyle was the only real witness for himself although a number of people took the stand to testify as to his good character. W. C. McKean argued nearly an hour in behalf of the accused man while District Attorney Henderson merely discussed the testimony of the Commonwealth's five witnesses.

Gabriel Elutario was yesterday acquitted of a charge of stealing a horse from Victor Picaloni, the parties being Italian from New Salem. Assistant District Attorney George Taylor set was assisted in the prosecution by Attorney H. F. Detwiler, while Attorney L. B. Brownfield defended Elutario. The contention of the Commonwealth was that Elutario borrowed a horse and failed to return it. The defense claimed that Elutario purchased the horse and that the purchase price, \$85, was to be partially met with supplies the seller was to receive from Elutario. Several witnesses corroborated Elutario, while Squire Marion Kille stated on the stand that the prosecutor had endeavored to secure Elutario's signature to a note for \$85 at the squire's office the day of the hearing.

Shortly before the testimony for the Commonwealth closed, Attorney Brownfield asked Judge R. B. Umbel to excuse Ray Sutton of Smithfield from the jury. Mr. Sutton is a brother-in-law of Mr. Brownfield. This was done by the court and the case was heard and decided by 11 jurors.

William Gillespie and Major D. Kolby, charged with breaking into the store of Homer Lloyd at Kittick, were acquitted under instructions from the court.

Several sureties of the peace cases were disposed of during the afternoon by Judge Umbel. Samuel Mosby was placed under \$100 bond to keep the peace upon complaint of Samuel Robinson. Antonio Varano, brought into court by A. Fungiero, was discharged, but ordered to pay the costs. Similar action was taken in the case of Alex Keffor, brought into court by Elizabeth Keffor.

The bail of W. Arthur Colbert and John L. Bauer were ordered forfeited. Under the will of the late Richard Brown, of Dunbar township, his entire estate goes to his adopted daughter, Mrs. Mary E. Youkers, and his wife, Margaret Brown, is cut off entirely for having left his bed and board "without just cause." The clause relating to the wife reads:

"And my wife, Margaret Brown, having left my bed and board without just cause or provocation and not knowing whether she is living or dead, it is my will and I hereby direct that she receive nothing from my real estate or personal property or income except what the law would legally give her."

Everything goes to the adopted daughter, who is also named as executrix. The will is dated November 11, 1899, and is witnessed by Okey F. McKee and Francis P. Doonan. The estate is valued at \$570.13 in personal property. Mr. Brown died at the home of Bill Youkers in Connelville township on February 23, last.

### To Clean Straw Matting.

Before applying water to straw matting, it should be thoroughly swept and then gone over with a dry cloth to remove as much dust as possible. Remove grease spots by applying Fuller's earth made into a thin paste with cold water. Spread the paste over the spot, let it remain two or three days, then brush it off carefully. To freshen and clean matting, wipe it off in lukewarm water to which has been added a teaspoonful of Gold Dust washing powder to a basin of water. The matting should never be made thoroughly wet but wiped a little at a time with a damp cloth and the water should be changed frequently.

## NEW MANAGER AT THE LEADER

Ill-Health Forces B. Reichstein Out  
and A. J. Kobacker Takes  
Charge.

Owing to the failure of the health of B. Reichstein, proprietor of the Leader store, he will have to leave for an eastern health resort and Alfred J. Kobacker, of Mt. Pleasant, has accepted the management of this well established cloak and millinery store.

The new manager is one of the youngest and most progressive merchants in Western Pennsylvania. He is the junior member of the firm of H. Kobacker & Sons, who own at Mt. Pleasant one of the largest department stores in Westmoreland county and for six years he has been man-

ager of their drygoods, cloak and millinery department. As a young and hustling merchant he will leave nothing undone to make the Leader store one of the best women's outfitting stores in Fayette county. Before attempting to make a start on the numerous changes planned the new manager is determined to dispose of the entire stock, regardless of cost or value, within 10 days.

Alfred J. Kobacker is a nephew of Morris and Joseph I. Kobacker, formerly of Connelville and received his business training in their Connelville store.

His friends are legion in Mt. Pleasant, where he has a reputation for honesty and integrity.

Mrs. B. Reichstein will remain in the store as before and will be glad to meet her many friends.

### SAVES NEIGHBOR'S WIFE.

But in Doing So Chalonier Shot Her  
Husband to Death.

Charlottesville, Va., March 17.—John Armstrong Chalonier, former husband of Amelle Rives, the authoress, engaged in a scuffle for possession of his revolver with John Gillard, an Englishman, at his country home, Merry Mills, near Cushman, Va., during which the revolver was discharged and Gillard was killed.

Gillard came to Virginia about two years ago from Australia and was living within three miles of Merry Mills. His wife sought Chalonier's protection from her husband, who, it is alleged, had beaten her and had threatened her life.

Mrs. Gillard had arrived at Merry Mills in advance of her husband and with her children was awaiting in the dining room to tell her story when her husband entered and assaulted her. It is alleged, with a pair of heavy trunks. At this point Chalonier and Erle G. Money, who was with him, entered the room and interfered. A scuffle between Chalonier and the Englishman ensued and the former drew his pistol to restrain the frenzied man. Gillard seized the pistol, it is said, and tried to turn it on his wife. Chalonier grabbed it and in the scuffle the pistol was discharged, the bullet entering Gillard's temple.

### STRIKE IS SPREADING.

French Mail and Telegraph Service  
Completely Demoralized.

Paris, March 17.—The indications are that the strike of the telegraph, telephone and postal employees will swell to serious proportions. The widely varying estimates of the opposing sides renders most difficult an accurate summary of the situation, but it is certain that at the present moment the postal, telegraphic and telephonic services throughout the country are demoralized.

With the exception of the United States France is practically cut off from foreign communication. Mail sacks are arriving in Paris from the principal centers, but they have not been sorted and millions of letters are delayed. A basis for the increase of the general strike is found in the action of the telephone girls at the various exchanges who have voted to quit, while the letter carriers have adopted strike resolutions.

The whole cry of the strikers is centered in opposition to M. Simyan, under secretary of posts and telegraphs, and it is stated everywhere that Secretary Simyan's resignation would be followed by the instant ending of the strike.

### Famous Song Writer Dead.

Denver, Colo., March 15.—Paul Stanley, comedian and composer of the song "Ta-ra-ra-boom-de-ey," died here after a lingering illness.

# Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness after several doctors had done their best and failed.

Here are two such letters—read them—they are genuine and reliable.

Baltimore, Md.—"For four years my life was a misery to me. I had suffered with female troubles so long that I was discouraged. I had given up all hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. It restored my health and I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 1938 Lansdowne St., Baltimore, Md.

Rockland, Me.—"I was troubled for a long time with pains in my back and side and was miserable in every way. I had doctored until I was discouraged and thought I would never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound and thought I would try it."

"After taking three bottles I never was so well in my life. I am recommending Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Will Young, 6 Columbia Avenue, Rockland, Me.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who neglects to take it. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

## MINE OWNERS OPPOSE BILL.

Declare That the Proposed  
Mining Code Would  
Ruin Them.

### ATTEND HEARING IN FORCE

Committee on Mines and Mining of  
Pennsylvania House of Representatives  
Takes Evidence on Pending  
Measure.

Harrisburg, Pa., March 17.—If the bill now before the legislature codifying the bituminous mining laws is enacted into law practically all the soft coal companies in Pennsylvania will be forced to go out of business, according to the witnesses who appeared before the house committee on mines and mining to oppose the measure.

Those who appeared before the committee were either mine owners or representatives of the operators and they all agreed that the bill under consideration is a mistake. They pointed out that West Virginia is fostering her mining industries and that that state is now second to Pennsylvania in the production of soft coal and that West Virginia is producing the fuel at lower cost than this state and pushing the Pennsylvania companies hard in marketing the coal.

B. M. Clark of Pottsville, representing fourteen different companies in Indiana, Clearfield, Jefferson and Armstrong counties and the companies he represented would have to go out of business if the bill becomes a law. The bill is an experiment, he said, and would drive the workers to other fields. He added it was drastic, vicious and impracticable and that the operators are a unit in opposition to it.

Obnoxious to Operators.

Charles W. Mills, representing Central Pennsylvania companies, corroborated that Mr. Clark said and contended that the bill was not opportune for such legislation. He said the coal companies have just passed through the hardest times in their existence and had not reduced wages. He said the bill was intended to safeguard life and property, but he claimed that it is some respects the present law is better. He said the bill is obnoxious to mine-owners of the operators because it increases the cost of production of coal in Pennsylvania, where the cost is already much higher than in West Virginia. Pennsylvania's closest competitor, Mr. Mills took up the bill by sections and incidentally paid a tribute to the United Mine Workers of America when he said that the union is doing more than any other agency in educating the mine workers.

In their duties in and about mines with relation to safety.

C. B. McFarland of the Butler-Mercer field said the present law is better than the proposed new legislation. The latter, he said, imposed greater cost in mining coal than prevails in any other state.

Refers to West Virginia.

Thomas Liggett of the Allegheny river district said the bill was a mistake. If the bill becomes a law, he said, thousands of acres of coal land would be sold at cost or lower. Pennsylvania, he said, is now competing with West Virginia where wages are low because there is no union; where there is little or no safety to the men and where every man is a law unto himself.

## ACCUSED STUDENT DUCKED.

Compelled to Confess. Then  
Ordered to Leave.

Morgantown, W. Va., March 17.—After his rooms had been searched and a number of articles alleged to have been stolen from other students discovered, Ralph McGone, a student in the state university here, was seized by a mob of more than 400 students as he was being taken to jail in the custody of a deputy sheriff, and was escorted to the Monongahela river, where he was given a ducking in the icy water.

The mob then dragged the youth from the river and took him to the Central square in the city, where he was placed on an improvised platform and was forced to confess to many petty thefts. After this he was ordered to leave the city on the next train. He obeyed the mandate, but messages received from his home near Mannington, this state, are to the effect that he has not appeared there.

## OLIVER'S ELECTION AFFIRMED

House and Senate Meet in Joint Session Today to Compare Journals and Officially Declare Result of Senatorial Election.

Harrisburg, Pa., March 17. — The following bills have been passed today by the senate:

Appropriating \$1,000 to L. B. Dolman of the Eighteenth regiment, national guard, for injuries received while in national guard encampment; \$15,000 to defray expenses of Pennsylvania civil war veterans to Gettysburg on the occasion of the dedication of the Pennsylvania memorial to Pennsylvania soldiers; \$15,000 to defray the expenses of Pennsylvania soldiers to Cold Harbor, Va., on the occasion of the dedication of a monument to Pennsylvania soldiers who participated in the battle at Cold Harbor.

The house and senate will meet in joint session today to compare journals and officially declare George T. Oliver's election as United States senator to succeed P. C. Knox. Immediately thereafter Mr. Oliver's credentials will be handed him and he will depart for Washington, where he will be sworn in on Friday, the senate having adjourned until that time.

The vote for senator in the senate was: Oliver, 37; Grinn, 3; Nathaniel Ewing, 1. Absent or not voting, 4. Mr. Weinberger of Lawrence voted for Ewing. The house vote was: Oliver, 184; Grinn, 31; total, 185; absent, 12.

The senate committee on health and sanitation has voted to report favorably the Murphy bill permitting the use of a limited quantity of benzoate of soda in food products and otherwise conforming to the national pure food law.

## SONS OF ERIN IN LINE TODAY

Many Thousands March in New York's St. Patrick's Day Parade.

New York, March 17. — To the music of scores of bands playing Irish airs, thousands of descendants of Irishmen marched today in the big St. Patrick's day parade in this city.

Today's procession was the biggest Irish parade in the history of the city and was unusually imposing. The men making up the giant column marched up Fifth avenue eight abreast, instead of four abreast as in former years. The result was a more compact formation and better time, adding much to the enjoyment of the thousands of men, women and children gathered along the route of the parade. The procession ended at a large uptown hall in which the annual St. Patrick's day ball will be held tonight.

Will Adopt More Stringent Rules. Washington, March 17. — After a stormy debate over the alleged failure of twenty-two Democrats of the house to abide by the party caucus on the rules fight the house Democratic caucus decided to have a select committee draft more stringent rules to govern future caucuses of the party. This committee will be selected today by Chairman Clayton.

## PASSING THE LIE

In Georgia, Declares Court, is Misdemeanor and Means Fight.

Atlanta, Ga., March 17. — To call a man a liar in Georgia is a breach of the peace and means a fight, according to the state court of appeals in a decision handed down today. The lower court, which refused damages to W. M. Rumsey, who sued W. A. Bullard for \$100 damages for breach of the peace for calling him a liar, is reversed, the opinion by Judge Powell concluding:

"Being to the manor born, the judges of this court take judicial cognizance of the fact that in Georgia to call a man a liar, even without threatening him with a weapon, most generally means a fight. There may be exceptions to this rule, but they are exceptions and find little nourishment on Georgia soil and under southern skies."

## THE SOISSON.

## THEATRE

"The Time, The Place and The Girl." Arthur Dunn, in "The Time, The Place and The Girl," plays the role of Happy Johnny Hicks, a slangy, soft-hearted young gambler.

Miss Marie Glaser is a sophisticated young trained nurse, with whom Hicks is about to fall in love.

"Don't you ever get homesick?" asked Hicks, by way of starting a conversation.

"Yes," says the girl, "that's why I left home."

Again, Hicks feeling dubious about his success, asks her fearfully: "Do you like gamblers?" She answers quickly, "Do you win?"

"Are you a real gambler?" Molly queries gently.

"Well," says Hicks, with a ready smile, "I'm thinking of getting married."

Molly Kelly hurries on the stage in one of the scenes and says to Hicks: "Say, what have you been saying about me?"

"How do you know they were talking about you?" he asks.

"Because," she replies, with a delicate adjustment of her fingers, "I wasn't there."

"The Time, The Place and The Girl" is the attraction at the Soisson theatre today and tonight and it is safe to assume that a record-breaking audience should be on hand. The musical comedy is one of the brightest and wittiest ever placed on the American stage, with sparkling lyrics, logical comedy situations and music simply irresistible in its catchiness. A splendid company, headed by Arthur Dunn, will interpret the leading roles, and it is promised that the chorus will be a revelation in grace, agility and talent.

CASINO THEATRE.

"Monte Carlo Girls."

The "Monte Carlo Girls" are to play at the Casino theatre next Thursday, March 18. They will present two new burlesques entitled, "The Kidnappers" and "The Maiden's Dream." The company is made up of a score or more of clever entertainers, mostly pretty girls who appear to excellent advantage in the bright song numbers which have been arranged for them. Edw. Golden, well known in this city, is the feature comedian in the cast, and with the leading comedies in such excellent hands, there is sure to be something doing all the time. Some of these who will assist in sending the "boys" home in good humor are Golden and Collins, musical artists, Mary Martin, operatic soloist, Eva Sullivan and May Burns, dainty songwriters, Jack H. Sutter, the man with the voice, Myrtle Clark, novelty dancer, Murphy and Smith and Sarah Herbert.

## WRIGHT-METZLER CO.

## Just as a Matter of News

It is definitely known that many of last year's "tailored suits" are being unloaded on the people of this vicinity this month. That is the principle reason why so many "rare values" are being offered right at the jump of the new season by many dealers. The Wright-Metzler Suit store has no last year's suits in stock. This statement ought to give assurance to those who don't watch fashions closely, but depend upon the advice of their dealer.

## It's Worth While to Know Where to Go to Be Absolutely Sure of Your Style

absolutely sure that the price to you will be the lowest known cost of that particular garment. There are no better values anywhere than are to be found in our garment stores. If there were better suits for the money WE WOULD HAVE THEM. If there was a lower price on any of these suits WE WOULD MAKE IT.

We've never been undersold by any one. We've never been (locally) approached in the matter of correct style presentation or in the scope of our stocks. As the fashions of the directoire period still govern the modeling of all women's garments it is not a difficult matter to convince one (not an acute follower of fashion) that a last season suit is new, and even a thirty dollar suit of this description ought to sell at \$12.00 or \$15.00 now, for there is a vast difference in the directoire styles of a season past and those of the present time, an "out of style" garment is not a bargain at any price.

We present exceptional values throughout our stocks of ready-for-service garments for women. Our regular prices representing value in excess of the "sale prices" of many stores. This fact is due to our superior buying and selling facilities. We want you to distinctly understand that you may bring this advertisement to our store and we'll prove every statement it contains. We're offering the best suit values in the history of our merchandising and that means the best values in this community regardless of advertised prices. In addition to our regular matchless values we are able to offer you

## An Extraordinary Suit Value

FIFTY \$25.00 SUITS AT \$19.75

Not regular stock, of course, for no concern could think of cutting prices at the very beginning of the season—people would not believe that for "common sense" would tell any one that that sort of thing is never done. Makers of suits buy full bolts of cloth, they have to; there's always some left, after orders are filled. These "remaining yards" have been made up into suits, scarcely two alike in the entire lot, but, that's all the better, serges, prunellas and fancy worsteds lined throughout with satin or messaline silk. They're from the maker of our best suits and we know how carefully they are made. Just as carefully as if it were regular stock. The styles are modeled from his best and newest designs and every size here in one or another brand new fabric.

This is positively the best value we've ever offered in the month of March. We wish the lot contained a hundred, instead of fifty suits, for they're bound to create a furor. You'll make more money than we will for while we bought them low we've only added our regular percentage of profit, but you secure a decided saving and the suit you buy is epic, span new just from the factory of the best maker of \$25.00 suits in this country.
